

**MAGGIE**

## **INTRODUCTIONS**

### **AFTER ABIGAIL**

Hi, I'm Maggie, I love seeing everyone have fun. I have enjoyed learning about coding and even checked out books on coding from the library when I first joined the team.

### **ABIGAIL TURNS POSTER AFTER JESSE FINISHES INTRODUCTION**

## **PROJECT SPARK**

### **AFTER HANNAH**

The Game has an Energy Storage Mission that led us to research backup energy storage.

But, what happens when the Power can't be delivered to you on a grid?

-Some of us experienced this during the ice storm back in 2021. Our electricity was out for almost a week and as a result, there were 246 deaths in Texas. People lost their food storage, homes could not be heated and alternate fuel supplies such as propane and wood ran out

### **LEVI TURNS POSTER AFTER ELIJAH ASKS IF THE JUDGES HAVE QUESTIONS & THEY FINISH ASKING QUESTIONS.**

## **ROBOT DESIGN**

### **AFTER ABIGAIL**

We started to program with basic blocks but soon learned that we needed some more consistency. We then learned to code and incorporate the sensors.

### **JESSE TURNS POSTER AFTER MAGGIE SAYS...built a new attachment that does 2 missions.**

## **CODING:**

### **AFTER ABIGAIL**

We used the Gyro Sensor for turning. When we just used the move steering block it was too inconsistent and hard to make the missions work every time.

## **CORE VALUES**

### **AFTER ABIGAIL**

Impact - Bringing the PUNCH!

## **FRUIT OF THE SPIRIT**

### **AFTER JESSE**

Love

## **ABOUT OUR TEAM**

### **AFTER ABIGAIL**

Our siblings would come in to pose as our pretend judges too!

### **AFTER ELIJAH & JESSICA SAY D A BOTTTS!**
